

ANDREAS BERGEAS
COUNCILMEMBER

**Chamber of Commerce
Government Affairs Council**

Wednesday, April 15, 2009

As my first 100 days in office come to a close, I want to share with you some of the accomplishments my office has made in this short period of time.

During the campaign the residents of District #2 helped me develop the "***P.R.E.P.***" issues that guide my service on Council; finding fiscally sound solutions to enhancing our ***Public Safety***, providing ***Responsive Representation***, improving our ***Economic Security & Job Development***, and ***Planning for Tomorrow, Today***.

Over the past 100 days, I have worked hard to execute a policy platform that upholds the issues I was elected to carryout with the support of the community and my colleagues. Here is a synopsis of milestones reached in my first 100 days.

I. Public Safety

- a. Office of Independent Review
- b. Safe Routes to School (Pinedale)

II. Responsive Representation

- a. Transparent Government (Changed Council meetings to Thursday)
- b. Northwest District #2 Community Meeting
- c. Constituent Meetings and Meetings with Elected Officials

III. Economic Security and Job Development

- a. City of Fresno Economic Stimulus Committee
- b. Small Business Component of the Local Preference Ordinance
- c. One Voice Trip to Sacramento

IV. Planning for Tomorrow, Today

- a. Fresno County Transportation Authority (FCTA)
- b. Water Education
- c. Water Policy

V. 100 Days and Beyond

- a. New Water Policies
- b. Exploratory Committee for an Armenian Sister City

My first 100 days have been both challenging and exhilarating. During these past months, I am proud to say that the accomplishments I have shared with you are just the beginning of a very long and important journey. We have built a solid foundation for the future by demonstrating common sense and by tackling important issues that we face as a City. By making this progress, I am confident the public will have faith I will keep my promises and deliver results.

I want to thank my constituents, colleagues, and especially the residents of Fresno for the opportunity to serve on the Fresno City Council. With your support, we can continue to make Fresno an even better place to live, work and play.

Respectfully,

Andreas Borgeas
Councilmember, District 2
City of Fresno
